Junior News Portable A

Welcome back everyone and happy new year! We hope you had a great winter break. Get ready to play some fun new games this month like sticky madness, hop on the plate train, and silly dogs. We will also be getting our hands messy with some science experiments where you will compete in the fish races, build marble mazes, watch geodes grow and see the mystery floating ink! To end the month off we will spend some time in the land of dinosaurs where you will catch your own dinosaur, hatch a dinosaur egg and imagine what would happen if dinosaurs came back. Please remember to bring warm clothing as well as rain gear to be able to play outside every day.

Intermediate News Portable D

Happy New Year! We are starting 2019 off with playing a new years theme game and making some pretty amazing masks. Portable d is going to be busy this month playing some new and exciting games such as fruit salad, sink or float, musical mix up and more. You will get to create an adorable walrus, a parachute guy, and even see what it's like to live inside a snow globe. Two special days this month will be an action figure challenge day as well as a three day project where you will get to make your very own board game! Check your calendars for the dates.

Senior News Gym

Can you believe it's already 2019?! The seniors closed out last year by working very hard for their hot chocolate party and enjoying a pajama day to send us off into the winter break. To kick off the new year we have lots of games and challenges planned this month to keep us active. The first week back is inspired by "minute to win it," and a couple new games such as "suits" and "telestration." The Seniors have been rocking December by bringing warm layers so let's keep it up into the new year. Us leaders are very excited to get back to CVOSC and hear all about your amazing holiday adventures!
