### **Open to Public Registration**

Our open to public registration will begin on Monday, March 4<sup>th</sup> at 7:30 AM. We are asking that all children and their parents who attend Portable A's AM program on this day to only use the back door and not the ramp. This will make registration for our new families easier as well as for staff.

### **Spring Break Camp March 18<sup>th</sup>- 29<sup>th</sup>**

Looking for something fun to do on your Spring Break? We have some great activities planned you won't want to miss out on. If you know any family members or friends needing care during Spring Break, our camps are open to anyone!

### **Junior News Portable A**

Spring is almost here Juniors! It's a short month full of fun activities and crafts before Spring Break. You will get to design your own superheroes, paint some buzzing bees, pop up penguins and much more. If anyone has any scrap paper at home (craft paper, blank paper etc) that can be saved from your recycle bin and could be donated to club, it would be much appreciated. We have many artists in training who love to spend their free time drawing!

### **Intermediate News Portable D**

Spring is right around the corner and we are so excited for all the wonderful activities we have planned this month. We will be starting March off by putting you to the test in a balloon tower challenge, playing tabletop curling and constructing some pretty amazing bird kites. Next we will be busy making some messy scream blow art, growing a garden inside a glove and getting scientific with making a lava lamp. We will finish the month off with making artwork out of beans, molding moon rocks as well as designing our very own water toys. One special day to mark on your calendar will be the 15th where we will be celebrating Saint Patrick's day. Don't forget to wear your green on this day and get super excited for a special holiday activity!

### **Senior News Gym**

March is a short one for the senior program but that doesn't mean we will be lacking fun activities! We will be making stress balls to calm us in the week leading up to spring break. We will also make some new bookmarks to save our spot in our favorite books we read during spring break. We will also be attending flying school after we make some epic airplanes. Get ready for a fun month that is set to bring in spring!
