### **All Parents Meeting**

Our meeting this month will be on May 9<sup>th</sup> at 6:30 PM. The meeting will be in Portable A and there will be babysitting in Portable D. Hope to see you all there!

### **Pro D Day Friday May 17<sup>th</sup>**

Pack your bags for a day at Witty's Lagoon! Please bring towels to sit on, sunscreen, a hat, full water bottle and a change of clothes. Please make sure your child wears weather appropriate clothing and good walking shoes. It's about a 20 minute hike from the bus to the beach! Sand toys are welcomed but please make sure their names are on them and children must be able to carry them on their own. Please make sure your child is at club by 9:00 AM ready to go as we will be leaving right away to have extra time at the beach. Also, it is helpful to have us out the door faster if you could please make sure your child is sun screened before bringing them to club!

### **Victoria Day**

The club will be closed on May 20<sup>th</sup> for Victoria Day. Enjoy your long weekend!

### **Junior News (Portable A)**

Hello sunshine! Time to start bringing hats, sunscreen and water bottles to leave in your cubbies! We will start spending more time outdoors with the nicer weather. Get ready to be busy bees as we work hard on making something special for our moms for mother's day! As well as working as a group to create a giant spring themed bulletin board that you design and is led by you. We will learn some new games, create a giant game of snakes and ladders and have some fun with bubbles. If anyone has newspapers that could be donated, our art supply is getting low!

### **Intermediate News (Portable D)**

During the first week of May we will be busy making special gifts for our moms for Mother's day. Then we will jump right into all the exciting activities. Lots of new crafts and games to look forward to including all of us becoming a human tic tac toe board, building bridges out of Lego in a tricky challenge and making ink magically float! We have a few special days to mark on your calendar, on the 10th we will be bringing out the face paints. This is an optional activity so if you'd rather your child doesn't participate please let a leader know. The second special day is on the 31st where we will be heading over to the intermediate playground for the afternoon (located on the opposite side of the school). Finally during the last week of April we will be solving a mystery called the case of the missing coins! You will all become junior detectives and be working together all week to try to figure out which suspect committed the crime. Let the investigation begin!!

### **Senior News (Gym)**

In May we get to celebrate our wonderful Mom's by creating our very own homemade gifts. We will be spending the week before mothers day creating them so Mom's beware when picking up, no peaking allowed! This month we are kicking it off with a comic drawing workshop to learn some new skills when drawing characters, and get ready to flex those performing skills with a lipsync battle on the 15th and 16th. We will be making a trip to Horner Park on Tuesday, May 21st. Reminder for parents that pick up will be at the park that day prior to 5 o'clock; we will be back on site by 5:15pm. Hopefully the sun will be out in full force this month so it is time to get back in the habit of bringing sunscreen, hats and a water bottle to club. Sunscreen can always be left at club so it is not forgotten.
