November....here we go! Who wants to learn new games and make more friends? This month we will build airplanes and put them to the test in a flying contest, mix music and art together, get creative and build puppets, sharks and more. We will spend the end of the month decorating our room for the cold weather approaching. Please dress in layers (sweatshirts, warm and waterproof coats, gloves and winter hats) for our outside play every day!

November is going to be filled with some old favorites as well as incorporating some new games. We are excited to teach you how to play finger twister as well as human tic tac toe! We will be doing two large art projects this month, one will be focusing on the fall season with making autumn trees and the second will be making snowy owls to welcome the upcoming season winter. Other crafts you can get excited about are constructing unicorn puppets, space shuttles, hedgehogs and rainbow caterpillars. We have a few special days this month to mark your calendars with, on the 16th its show and share day. On this special day only you can bring in a special item to present to the class. On the 21st we will be having a pajama day, complete with slumber party activities! Pajamas, robes, slippers, blankets and a small stuffed animal are all welcome on this exciting day. Looking forward to another great month.

The Rock Shop continued to thrive through October and it's been so exciting for us leader's to see how it has evolved! We love the creativity all the kids have used on the design of their store fronts. November is filled with some exciting crafts such as a wooden Owl's fit to hang from a tree, and adorable hedgehogs. We have a few favorite tag games as well as a newbie, 'hoop showdown'. Reminder that children can leave an extra jacket hung up on their hook for those surprise rainy days!
