PRIMARY PARENT

I have read the time share and subletting agreement policy in the CVOSC policy and procedure manual. As the parent of the primary child, I know I will have primary responsibility for the child care space where I am responsible for monthly fees and division of child care days. If the secondary parent withdraws from the program, I will be responsible for the full monthly fee. I also understand that I am responsible to provide the Program Supervisor in writing no later than the first of each month, with a detailed schedule outlining which child will be attending which days for the entire month and that no changes are permitted after the schedule has been submitted.

SECONDARY PARENT

I have read the time share and subletting agreement policy in the CVOSC policy and procedure manual. As the parent of the secondary child, I understand that I must provide the program with a registration fee and registration forms and with doing so, this does not give my child an allocated space for yearly continuing registration. I also understand that if I want to withdraw from this agreement I must follow CVOSC's withdrawal process by completing a withdrawal form and giving one month's notice.
